

Leadership High School, a CES National Mentor School and SF-CES Lab School, invites you to visit and share in its work.

"There is a feeling of 'family' within the building...such a caring, sharing and academically focused school!"

*-Cathy Crist
North Kansas City High School*

Daylong Reflective Visits provide **visiting educators and leaders** with opportunities to observe and explore a small, personalized and equitable learning community. Leadership High School has been commended for making progress in closing the achievement gap; come visit and see why. In particular, this day will provide visitors with the opportunity to:

- Observe classes including advisory – the heart of our school;
- Participate in a professional development meeting;
- Meet with students, support staff, teachers and administration during provided breakfast and lunch;
- Network with role-like staff (i.e. science teacher to science Teacher) in order to gain insights and share best practices;
- Access relevant information and documents;
- Provide feedback and pose questions to the LHS community at the end of the day.

Full Day Reflective Visits

Wednesday 2009-2010

8:00 am – 3:45 pm
September 30
October 14
November 18
December 16
January 20
February 17
March 17
April 21
May 19

Special Full Day Visits

Senior Portfolio Defense:
Friday, January 25, 2010
Senior Exhibitions:
Friday May 19, 2010

Personal Connection Visits

Thursdays 2009-2010

12:00 pm – 2:00 pm

First Thursday each month,
November through May

Personal Connection Visits are shorter school tours and provide basic information about Leadership High School, class observations and time to talk with students, staff, and administrators to have questions answered and to request and receive relevant information. The slightly less formal agenda is great **for our non-educator community** who wish to learn more about and support public education.

Tours are free for feeder schools and for schools within the SF-CES network. For others, there is a **suggested donation in an effort to offset costs** of related resources and staff, due by the visit.

To reserve for your visit, please contact Leadership High School at (415) 841-8910, or email nmelgar@leadershiphigh.org
